

Submit Declaration of Completion for Water

Created 5/20/2021

Last Updated 10/04/2021

WATER DECLARATION OF COMPLETION

INTRODUCTION

The following instructions will guide you through the process of submitting a Declaration of Completion for the Water portion of the A/RCx requirements. The Declaration of Completion will serve as proof that a Water Audit and Retro-Commissioning was completed as required by Division 97 of the Los Angeles Municipal Code (LAMC). LADBS will approve or deny the request based on a review of the information provided in the Declaration and, if needed, any requested additional information.

BEFORE YOU BEGIN NOTES

- ✓ **This process requires a printer/scanner.** Users will need to print the Declaration of Completion, sign and scan it to a PDF, and upload the signed and scanned PDF image to the A/RCx system. For more details, do a key word search for “**Print, sign, and date**” in this document or view the “Print, Sign, and Upload Declarations” instructions posted at the A/RCx Home Page (<https://www.ladbs.org/services/green-building-sustainability/existing-buildings-energy-water-efficiency-program/audits-retro-commissioning>) after clicking the second tile, titled “A/RCx User Instruction Guides”.
- ✓ **Registration of the building is required before beginning this process.** Payment is not required prior to beginning this process, but payment is required before the building will be considered in full compliance with the A/RCx requirements of the EBEWE program. *Note that fees are not due when Declarations of Exemption for both Energy and Water have been approved by LADBS.*
- ✓ The California licensed¹ engineer or architect that is attesting to the Declaration of Completion is not required to personally complete the Declaration screens, but they are required to attest to the validity of the information provided by signing the Declaration of Completion generated in Step 7.
- ✓ Full compliance with the A/RCx requirements of Division 97 of the LAMC requires that the building be registered, fees owed are paid, and that a Declaration of Completion and/or Exemption for both Energy and Water have been approved by LADBS.
- ✓ If needed, you can save and exit the A/RCx system and return at a later time to complete the process without losing the data that was entered up to the point of saving and exiting.
- ✓ For security purposes, idle sessions on this site will timeout after 30 minutes of inactivity and the message below will appear on the screen. At that point there will be a 3-minute period where the user can respond. If the user does not respond within this time frame, the user will be automatically logged out of the system.

¹The valid license type for an architect is A and for engineers, valid types are C, CH, M, and S. Abbreviations are established by the Department of Consumer Affairs, Board of Professional Engineers, Land Surveyors, and Geologists.

EBEWE Audits & Retro-Commissioning Compliance Instructions

Submit Declaration of Completion for Water

INSTRUCTIONS

1. After logging into your account and registering the building (refer to the Registration and Payment instructions), scroll down the Customer Status Screen to view the status of the building being processed and other buildings that have been previously registered. In addition to scrolling through the list of buildings, the “Search for Registered Buildings” window can be used to go directly to a specific building.
2. Under the “Water Audit and Retro-Commissioning” header, click the **SUBMIT** or **PENDING** button under the column that reads “Declaration of Completion” (see image below).

LOS ANGELES

EBEWE: Audits & Retro-Commissioning

LADBS Building ID Building Zip Code Year

Guidelines for compliance:
 1) Register your building: Enter information on top line or search for a previously-registered record
 2) Submit payment of \$183 for Audits & Retro-Commissioning Compliance Year
 3) Submit Energy Declaration of Completion or Exemption
 4) Submit Water Declaration of Completion or Exemption

Search for Registered Buildings:

Address	Year	Building ID	Payment	Energy Audit and Retro-Commissioning			Water Audit and Retro-Commissioning			Overall Status
				Declaration of Completion	Declaration of Exemption	Compliance Status	Declaration of Completion	Declaration of Exemption	Compliance Status	
1234 SOMEWHERE ST	XXXX	123456789453	04/07/2021	<input type="button" value="Submit"/>	<input type="button" value="Submit"/>	No Action	<input type="button" value="Submit"/>	<input type="button" value="Submit"/>	No Action	Not Complied

3. The Licensed Professional’s Contact Information and Credentials for Water Audit & Retro-Commissioning screen appears (see next page).

Enter the licensee information for the licensed architect or engineer that either performed the Water A/RCx or directly supervised the performance of it, including the licensee’s **Email Address** and **Phone Number**, **Profession Type** and **License Number**. Click the **Magnifying Glass** to look up the Architect/Engineer.

If the same engineer or architect for Water is requesting an exemption or is attesting that they completed or directly supervised an A/RCx for Energy, select “Yes” for Item 8. The license information will be automatically copied to the Energy license screen and the status on the Customer Status screen will change from SUBMIT to PENDING for the Energy declaration. The information can be edited, if needed, on the Energy license screen. However, once you’ve submitted a Declaration for Energy, that portion of the record will be locked and un-editable, regardless of any editing done to the Water license screen.

Note: The building information will automatically appear under the **Building Information** section. If the building information is incorrect, please contact our team at ladbs.arcx@lacity.org before submitting the Declaration of Completion.

Submit Declaration of Completion for Water

6. After clicking NEXT on the previous screen, the following Review screen will appear so that the information provided on the previous screen can be reviewed before it is submitted. Please take this time to review the information and to confirm that the information provided is correct.

Review the following Declaration of Completion of the Water Audits and Retro-Commissioning to ensure it is accurate.

Once you have verified that the information is accurate, click on Print Declaration. A PDF of the Declaration will be generated which you must save, print, sign, date, scan and upload the scanned copy to this website. Changes can only be made before the final Submit button is clicked — the final Submit appears after the Declaration has been uploaded. Once the final Submit button has been clicked the uploaded portion (Energy or Water) of the record will be locked. To unlock the record for changes, refer to Steps 2 through 4 of the "ARCx Correct or Change a Request" instructions. These instructions are available from the [ARCx Home Page](#) after clicking the second tile, titled "ARCx User Instruction Guides".

Declaration of Completion of the Water Audits and Retro-Commissioning for LADBS Building ID <u>123456789453</u> located at <u>1234 SOMEWHERE ST</u> Zip code <u>12345</u> for report year <u>XXXX</u> .	
1 I attest that, as set forth in Division 97, Article I, Chapter IX of Los Angeles Municipal Code (LAMC), the Water audit and retro-commissioning were performed in accordance with industry standard practices, including ASHRAE Guideline 0.2 Commissioning Process for Existing Systems and Assemblies, and under my direct supervision as a California licensed engineer or architect.	Yes <input type="checkbox"/>
2 I attest that the Water audit and retro-commissioning of the base building systems included, at minimum, the following:	
(a) Potable water distribution systems.	Yes <input type="checkbox"/>
(b) Landscape irrigation systems.	Yes <input type="checkbox"/>
(c) Water reuse systems.	Yes <input type="checkbox"/>
(d) Water features	Yes <input type="checkbox"/>
3 I attest that I provided the following information, at minimum, on the Water Audit and Retro-Commissioning Report:	
(a) The date(s) that the audit and retro-commissioning were performed.	From Date: 04/01/2021 <input type="checkbox"/> To Date: 04/06/2021 <input type="checkbox"/>
(b) The following identifying information on the Water auditor and retro-commissioning provider:	
1 Name (Last, First)	DOE, JOHN
2 License Type	C
3 License Number	12345
4 License Expiration Date	09/30/2022
(c) Information on the base building systems and equipment.	Yes <input type="checkbox"/>
(d) A list of all retrofit measures that can reduce water use, and/or cost of operating the building; costs of each measure; and an estimate of the water savings associated with each measure.	Yes <input type="checkbox"/>
(e) All the retro-commissioning process activities undertaken and retro-commissioning measures completed.	Yes <input type="checkbox"/>
(f) Functional performance testing reports.	Yes <input type="checkbox"/>
(g) Operational training conducted.	Yes <input type="checkbox"/>
4 RECORD MAINTENANCE -- I attest that I provided the Water Audit and Retro-Commissioning Report to the building owner(s) and made them aware that they must maintain it and related records according to LAMC Division 97 which is as follows: "The building owner shall maintain records related to benchmarking, audit and retro-commissioning, including, but not limited to, the energy and water bills and reports or forms received from tenants and/or utilities. Such records shall be preserved for a period of five years. When the building is sold, the records shall be given to the new building owner."
